Summary

The Salahuddin Ayyubi Foundation is the leading blockchain-based Token, India's First Social Charity Token backed by Not For Profit Organization Salahuddin Ayyubi Foundation. The Salahuddin Ayyubi Foundation Token (SAF) is an BEP-20 tradeable digital Asset. We have already incorporated the most promising Social industry, we create a social token- the future of social Activities. The Salahuddin Ayyubi Foundation team is building a Crypto For Good impact ecosystem to revolutionize social impact on the blockchain.

Salahuddin Ayyubi Foundation Token is a Medium of Exchange token designed to provide Social ecosystem benefits and to enable access to attractive opportunities, as well as innovative products and services in the digital asset space .

SAF holders have access to various benefits, such as a 1% Of Each Transaction ReDistributed to Holders, and 5% of Each Transaction will go to Charity Wallet (For Charity Activities) (Note: centralized exchanges/wallets may not apply tokenomics),

SAF holders will soon be able to make electronic payments with SAF Wallet using QR codes with merchant partners, but can also use to pay Merchants through SAF Crypto Card from SAF Wallet where they earn new SAF tokens as a reward For Every Transaction (T&C) and In addition users can use SAF Token in SAF Wallet to redeem limited edition products , and In the future, users will also be able to purchase and trade SAF NFT collectibles on the SAF Wallet platform.

When we said the blockchain would revolutionize philanthropy, we meant it. With the SAF Token at its heart, the Salahuddin Ayyubi Foundation (SAF) Ecosystem makes social impact rewarding in every way. Earn, give, and change the world with the only blockchain platform that brings social impact to the heart of crypto

Project Overview

1 Problem

Education is an imperative area that is essential for the progress & development of the individual society and nation. Education is both the means as well as the end to a better life, because it empowers an individual to earn his/ her livelihood.

India's literacy rate is about 69%- leaving a quarter of the population without basic reading & writing skills.

Poverty and illiteracy are closed links – and with 2nd largest population in the world, India is home to one third poverty. India's poverty situation is falling down and rising problems related to poor health and sanitation, low level of education, unemployment and malnutrition.

Salahuddin Ayyubi foundation works for education for underprivileged children (Mostly For Muslim Children's Because The Most Low Literate Community is Muslim Community with 43% Illiteracy in India and in world 25%). and also who are in difficult circumstances, such as child labour , disabled children etc special attention is given on girls education & women education so they and their families get empowered.

Our foundation initiatives work in accordance with Right to Education Act (2009) and National Education policy 2020.

We build a pathway that brings students to school and ensure them to learn, develop skills required for innovative , problem solving and leadership.

In many impoverished communities, children don't have the opportunity to receive an education. Some don't have resources like books or uniforms, leaving children to fall behind without the support to catch up. Youth drop out of school to support their families and never go back. And entire school systems are understaffed, failing to provide adequate education to the children who live there. Lack of education increases the likelihood of involvement in drugs, gangs, and other risky behaviors. It's easy to see how an absence of education spirals into a cycle of poverty.

2 Solution

We Focus only in Charity Activities, and The recent rise of Cryptocurrency giving through blockchain technology Change our Thinking. & That's why we Think to Accept the Future if we want to change the Future and Crypto can Change the Way of philanthropy, and That's why we Said "Crypto For Good". our main competitor is meme token (Like Shiba inu etc) because meme token mostly used for generating huge profit but salahuddin ayyubi foundation is a brand Native token of salahuddin ayyubi foundation which is a registered not for profit company in india. who not only redistribute 1% of each transaction to users but also do Educational charity activity in every transaction. (centralized exchanges/wallets may not apply tokenomics)

We Want 21st Generation use SAF Token for their Daily Payment Transaction. Because when they pay to merchant, a 5% fee will Deduct and Transfer to use for Charity Activities (Which Directly Benefit underprivileged Children's).

and we're India's First Charity Token who Empowering Social Issues Worldwide with Blockchain, and to achieve our Mission and complete our foundation vision, It takes time.

Mission and Vision

Mission

Salahuddin Ayyubi Foundation mission is “Every Child Learn and Live Better Life”. By increasing the literacy levels of Muslim’s which account for about 25% of the world’s population, Salahuddin Ayyubi Foundation aims to improve Underprivileged Muslim’s Life economically and socially. and Because of Rise of Cryptocurrency giving through blockchain technology, We want a Crypto For Good (Charity) impact ecosystem to revolutionize social impact on the blockchain.

Vision

We seek a world of hope that is inclusive & just , where muslim community can get a better education and livelihood on the globe and people can live in dignity & security.
